Spelling Coaching

Since one of our coaches was seen on national television, the word is out, and the demand for our spelling coach system has skyrocketed. While Michelle Horton has a waiting list for our coaching program, we are pleased to have added two more highly-qualified personal coaches under Michelle's tutelage who are currently working successfully in the PSC program with spellers.

HEXCO's Personal Coaching System is designed for serious spelling bee contenders. Sessions are

conducted by phone on a weekly or bi-weekly schedule, and extensive assignments and work lists are given for student study via email. Students are assessed for level of expertise so that work can challenge each individually.

One of the keys to the success of this program has been our communication. Following every session, assignment, and phone call, both the student and the parent receive email correspondence from his/her coach.

20% of the kids on ABC were current or former Hexco coached students.

For complete information, download our data sheet on our

Personal Coaching System

CHANGES IN THE SCRIPPS WORD LIST ~ 2010-11

Registration for the National Spelling Bee is open until October 15, and after registering, the new study list is available. Last year, there were 225 words for all grades (1st thru 8th). This year, these have been entirely replaced with *450 new words* for grades 1 thru 8. These comprise the study list for class and school bees. They are identified by grade with about 100 words for each grade with the same overlapping of words as last year. (i.e. Half the 4th grade words are on the 3rd grade list and the other half of the 4th grade words are on the 5th grade list, and so on.) The *Spell It!* list is unchanged, and the *Words You Need to Know* posted on www.myspellit.com are unchanged.

New Nat's Notes

Vade Mecum for Serious Spellers

- Over 18,000 words in 2 volumes
- Pronunciations & definitions
- Alphabetic or difficulty sequence

With over 18,000 words, this 2-volume set is geared toward those aiming for the highest reaches of competition and includes challenging words from the original *Nat's Notes*, plus difficult words from *Paideia*, the *Consolidated Word List (CWL)*, and regional and national bees since the 1970s. **New Nat's Notes (NNN)** also includes 7,000 words not in CWL. Annually, **NNN** contains about 60% of all off-list words at regional and national bees. The combination of **NNN** and **Verbomania** contains over 90% of the Written Round Words and over 70% of all off-list words in oral rounds used in 2010. This collection is available in alphabetic or difficulty sequence, and ALL words have pronunciations, definitions, and etymology!

Written Round Readiness

Formatted like the 2010 Written Round in D.C!

The written round at the National Spelling Bee in Washington contains words that run the gamut on difficulty levels from fairly easy to very esoteric. Remember, this is the critical round which narrows the field for those advancing to rounds shown on national TV.

Designed in the format of the computerized test given at the 2010 National Bee, each volume of **Written Round Readiness** consists of 3 tests with 50 words. In Washington, a computer speaks the pronunciation while showing definition, parts of speech, a sentence, and word origin on the screen - *Written Round Readiness* does the same! A student then enters the spelling and continues on to the subsequent word. The companion booklet lists the words in each test, so that a student may study and improve upon troublesome words. New Bee Prepared

Over 25 Years of Coaching Expertise!

New Bee Prepared reveals insights gained from coaching spelling at all levels for over 25 years and from attending the National Spelling Bee for 10+ years. The workings of the Bee are scrutinized, off-list word selections are analyzed, study materials and study methods are critiqued, strategies for study are presented, and suggestions are given for conducting a successful bee. Included is a list of over 35,000 "bee words" (no pronunciations or definitions) which contains **72% of all surprise words in D.C. used in 2010 and a large number of the off-list words given at Regional Bees!** This book is ideal for those aspiring to greater heights or those qualified to go to Washington.

We've gone crazy with words!

13,000+ WORDS

Meet the juggernaut of all lists.

Verbomania 

13,000 Vivid and Interesting Words

Verbomania means "passion, craze, or obsession with words." This prep book contains over 13,000 vocabulary-enriching, SAT-type words (over 7,500 of the words in this volume are from CWL). Words include definitions, parts of speech, and pronunciations, and the difficulty version has etymology! These are some of the more dynamic and interesting nouns, verbs, and adjectives from the English language that form a strong spelling and vocabulary foundation.

At the 2010 National Bee 68% of the Written Round Words were in this book.

Spelling Rules Book

Know the Rules and Eliminate the Guesswork

- Spelling Tips
- Language Skills
- Greek & Latin Elements
- Basic rules and guidelines

Spelling Rules Book is entitled "*Why Isn't 'Phonetic' Spelled the Way it Sounds?*" This 150-page compilation promotes less reliance on rote memorization and more on understanding. For example, students learn when to use *-ible* rather than *-able*, and they will never look at the *i-before-e* rule the same way again! Foreign language rules are included; an encyclopedic list of Greek and Latin roots with definitions and words derived from each is also included. A true *sine qua non* for the competitors!

EtymaMentor, EtymaNotes, and EtymaFlips! Study Word Roots & Origins

Hexco's Etyma products are now available in 4 volumes - Basic Latin, Intermediate Latin, Basic Greek, and **NEW Intermediate Greek**. Each volume contains some 150 roots, 25 prefixes, and 25 suffixes. Now ardent students seeking to augment spelling skills and expand vocabulary can utilize one or more study methods!

- **EtymaMentor** - Interactive computer software that tracks errors and successes (even when sessions are closed and re-opened at a later time) until all content is mastered. Extended usage license is appropriate for those who wish to install software on up to five students' personal computers. PC compatible only. Call for free Sampler.
- **Etyma Notes** - This is the "notebook-style" printed version of any or all four of our Etyma volumes. *EtymaNotes* accompanies software or may be purchased separately.
- **EtymaFlips** **NEW!** - Online interactive flashcards, (available anywhere with online access) are separated into virtual decks for fun, organized study "virtually anywhere!" One-year subscription. (PC and Mac compatible)

Annual Newsletter - 19 Years of NSB recaps!

After a Spell is our annual newsletter that reviews the spelling year for the National Spelling Bee. Articles by top spellers in the nation are featured, along with the Hexco products they used. Percentages of words found in our products, which were also used at the bee, are highlighted and changes instituted for bees are recapped. Plus, we include the words used at the National Bee and regional bees, which make an excellent resource to prepare for your own bees!

- Carefully crafted sentences
- Definitions
- Parts of speech
- Etymology

Interactive computer software or online subscription with audio allows students to hear the words and type in the spelling while the program monitors errors and successes. In addition to learning this current year's word list, we also recommend the 2006 and 1999 Paideia versions. "Spelling Flips" online audio flashcards are also available for current year, 2006, and 1999 words.

Spelling Mentor CD software program can track up to 20 students per computer; a mouse click enables the audio to repeat. Additional features include: preview words, request next letter, and flag troublesome words. *Spelling Mentor* may be installed on unlimited PC-compatible computers on a single campus. Schools may order an extended-usage license which allows up to 5 students to install *Spelling Mentor* on their home computers. **BONUS OFFER:** After your initial purchase, *Spelling Mentor* is 1/2 price when reordering the following year or ordering an additional 2006 or 1999 version with *Paideia*. (Email orders@hexco.com for **FREE Mentor Samplers**.)

SpellingFlips online virtual flashcards keeps track of correct and incorrect spellings on a per-session basis. "Smart Mode" has a built-in algorithm to make missed cards appear more often. SpellingFlips are available anywhere with online access and are PC or Mac compatible. Price shown is for a one year subscription. Try **FREE Spelling Flips demo** online on our National Spelling Bee page at www.hexco.com.

Co-Authored by a Former National Geographic Bee Researcher!

A+

ADVANCED GeoMentor, GeoTests, and GeoFlips offer 500 multi-layered questions that mimic the type of questions found at the higher rungs of the National Geographic Bee. This challenging format and the content itself raises this study product to a high level of difficulty. Instead of simply making a choice from a list of possibilities, students come up with answers on their own. Author Meaghan Mulholland-Hutson worked for National Geographic researching their questions for all levels of the official bee. Co-Author Shannon Barker is Hexco's in-house geographic expert. (Mulholland-Hutson also spelled at the National Spelling Bee in the early 90s.) **GeoTests** is the paper format, with the same test questions as the **GeoMentor** software program.

Visualize World Geography

Learn Geography and Make "Mental Maps" in Just 7 Minutes a Day!

Visualize World Geography is a uniquely fun approach to learning mental mapping about countries and their locations! The book comes with a CD and uses all kinds of pictography and mnemonic devices, such as vivid illustrations, musical jingles, and clever storylines to organize geography into a web of associations. This product is appropriate for all levels of competitors, including the very young.

Geography Personal Coaching

For Beginner or Advanced Students!

Hexco's Personal Coaching System for geography students is designed for motivated students who want to expand their knowledge base with the goal of reaching the highest levels in the National Geographic Bee.

The program begins with an initial assessment to identify your student's skill set and learning style. Discovering your child's strengths, as well as weaknesses, is critical to developing a unique curriculum. Designed to 'round-out' their geographical knowledge, this is paramount to helping them achieve their personal goals and to build their existing level upward!

Our two instructor/authors are members of the National Council for Geographic Education. Ms. Meaghan Mulholland-Hutson is a former National Geographic researcher. Ms. Shannon Barker is a former test writer for Harcourt Publishing and educator with a Master of Administration. Ms. Barker has served over 20 years in the U.S. Air Force and has traveled extensively throughout five continents. Questions in our Advanced **GeoMentor/GeoTests** were developed by this pair.
