- Language information and associated word lists
- Additional word lists, including difficult to spell eponyms, homonyms, trademarks, etc.
- Latin and Greek root assignments
- SPECIAL FOCUS: Regional Bee word lists
- Assignment of words in *Verbomania* and *New Nat's Notes*
- Weekly quizzing on assigned word lists plus unfamiliar words to learn skills in fielding unknown words
- Specific email feedback on student progress and problems as needed
- Weekly follow-up to all students with explanations given in the weekly quizzing session

HOW IT WORKS

Regional Spelling Bee Express consists of **6 online, weekly sessions on a set day and time**. Students are required to complete **regular, weekly assignments** including learning Latin and Greek roots, rules for language families along with study lists, and additional lists of interesting and tricky words. Quizzing sessions called *Spell Bees* will incorporate assignments.

During the online Spell Bees, the coach will give each student a *turn* to spell a word; the coach will say the word, then give information on each word. When it is *not* a speller's turn to spell, that speller will spell his or her "guess" in a spreadsheet that is shared with the coach so **every speller is actively engaged in spelling every word**. The coach will give verbal explanations of each word during the Spell Bee and written explanations of the quizzed words will be sent in a follow-up email to all participants. *Words chosen for quizzing are those that can be used to "teach" students far more than just how to spell that particular word.*

BENEFITS OF THE COURSE

Regional Spelling Bee Express gives advanced spelling students the kind of understanding of the English language that can equip them with the tools for long-term recall of words and "figuring out" how to field a variety of difficult words. New students who are enrolled in the Regional Spelling Bee Express course are also able to get comfortable with completing assigned lists on a regular basis, thus becoming prepared for the rigors of Hexco's Personal Spelling Coach program should they wish to go further. Students enrolled in the Regional Spelling Bee Express course, who are also on a waiting list for personal spelling coaching, are given priority for personal coaching when a space becomes available *if the student has excelled in the course and the coach deems her/him a strong candidate for personal coaching.*

BENEFITS (continued)

Students enrolled in the course will also have access to certain eMentor products that are assigned by the coach to use while they are in the program. **These exclusive eMentor products are used for Hexco's coached students only and are not sold to the general public.** Note that specialized eMentors that are "included" in this program are discontinued once the course has concluded *unless you remain in some form of a spelling coaching course by Hexco*. In such case, we will extend your specialized coaching eMentors for the time you remain in any of our Hexco spelling coaching programs. Many top National Spelling Bee contestants have prepared using these specialized lists reserved for coached students only.

PARTICIPATION

Participation and placement is based on a first-come, first-serve order as there are a limited number of available slots. An inner drive to succeed, follow-through on homework assignments and practice at home are required to be a part of this program. We expect that the parent(s) or guardian of students enrolled remind students to study 1-2 hours a day to get the most out of the program and make sure students log in to sessions at the regularly scheduled times. We also expect the parents/guardian to check the student's Google sheet to see student progress. Note that not all words assigned will appear in a Spell Bee or online session, and *if a speller seems to have missed studying a certain list, the same list will be reassigned*. Success and progress in the program weighs heavily on whether and how much a student has studied.

Access to a computer is also required. If you are interested in the course, we will let you know the days and times when your coach and class will meet for your online group sessions.

YOUR FIRST ASSIGNMENT

Your first assignment will be made soon after your student has enrolled in the program and payment has been received. Required study materials will also need to be purchased before assignments are made. An informational and dictionary session will be given the day of the first session to aid in preparing for future sessions. This would normally be done a week before but, due to time constraints, will be included in the first session.

SAMPLE WEEKLY ASSIGNMENT *(subject to change per coach)*

- Regional word list (about 250 words) via eMentor

The preferred format for the latter two is Hexco's eMentor format and these can be purchased one volume at a time. The printed versions of *New Nat's Notes* and *Verbomania* is also an option and some students purchase both.

- *Webster's Third New Int'l Dictionary*—Internet subscription
- Excel or Google's version of Excel (Google Sheets) so files can be submitted to the coach at the conclusion of each quizzing session

SUMMARY

By the end of the Regional Spelling Bee Express course, students will have covered two language families and one collection of difficult-to-spell words which include homonyms, eponyms, geographic words, trademarks, words from unknown origins or imitative origins, and other difficult-to-spell words; they will also have been introduced to a plethora of words used in Regional and other high-level spelling bees. Total words covered is about 3,000+ including all assignments in *Verbomania* and *New Nat's Notes*. Many of the words given in the course, as well as our spelling coaching are private lists and are not available in any Hexco products. Access to these lists ends when coaching is discontinued.

Through the course, we strive to help students master the material and build their spelling foundation solidly. We encourage learning word meanings. We center on teaching students the rules for spelling and for spelling words from various languages. Our goal is to be encouraging to students and motivate them to their highest potential.
